

TECHNICAL DATA SHEET

SELF- ADHESIVE

MATTE WHITE UNIVERSAL LABELS

EUROPAPIER CODE

EL/MF

RAYFILM CODE

R0100

Product

Woodfree machine finished paper

Use

Multifunctional information labelling, especially designed for inkjet (both single and multicolour), lasers and photocopiers.

Printability

Suitable for laser, inkjet and copiers. Printing in all types of flexo and letterpress system, conventional and UV Offset printing.

Shelf life

From the date of sell 2years at + 20°C and RH 50%.

Typical technical values

FACE		Tolerance	According the norm
Substance	70 g/m ²	±10 g/m ²	ISO 536
Caliper	90 µm	±10 µm	ISO 534
Brightness	98%		ISO 2470/1
BACKING LINER		Tolerance	According the norm
Substance	51 g/m ²	±10 g/m ²	ISO 536
Caliper	54 µm	±10 µm	ISO 534
GLUE	Permanent acrylic adhesive		
CIE	L = 93		
	A = 3.4		
	B = -9		
AVAILABLE FORMAT	Sheet dimension	Sheet tolerance	
A4	297 x 210mm	± 0,25mm	
A3	420 x 297mm	± 0,25mm	
SRA3	450 x 320mm	± 0,25mm	
GLUE	Permanent adhesive for A4 applications.		
Labelling temperature min.	+5°C		
Service temperature min.	-15°C		
Service temperature max.	90°C, short-term peak temperature 140°C – max. 5 mins.
